

## <621> Chromatography

<b>Type of Posting</b>	Revision Bulletin
<b>Posting Date</b>	28-Oct-2022
<b>Official Date</b>	1-Dec-2023
<b>Expert Committee</b>	General Chapters - Chemical Analysis

In accordance with the Rules and Procedures of the Council of Experts, the General Chapters - Chemical Analysis Expert Committee has revised General Chapter <621> Chromatography. The purpose of this revision is to delay the implementation for one year of the subsections *System Sensitivity* and *Peak Symmetry* under *System Suitability*.

The <621> Chromatography Revision Bulletin supersedes the currently approved harmonized chapter to become official on December 1, 2022.
